

CALIFORNIA COMMUNITY COLLEGES

Guided Pathways

Community College League of CA Annual Trustee Conference Pre-Conference Trustee Session

Friday, May 4, 9:00 am–1:00 pm, Valencia Ballroom A&B

Guided Pathways is a transformational framework being adopted by all 114 California community colleges, and the success of Guided Pathways relies on intentional cross-functional planning and collaboration. Trustees are in unique positions to play powerful roles in the implementation of Guided Pathways, and this interactive pre-conference session will explain how. During the session Josh Wyner from the Aspen Institute will outline ways trustees can support Guided Pathways implementation and trustees from Guided Pathway Colleges in California and across the nation will also provide their perspectives. Chancellor Eloy Oakley will close out the session and highlight how these efforts are building toward his Vision for Success, and will be available for a Q&A after his presentation.

***Join us for this pre-conference session at the
League's Annual Trustees Conference!***
