Bills for Discussion: Academic Affairs

AB 102 (Holden) College and Career Access Pathways: Sunset Date

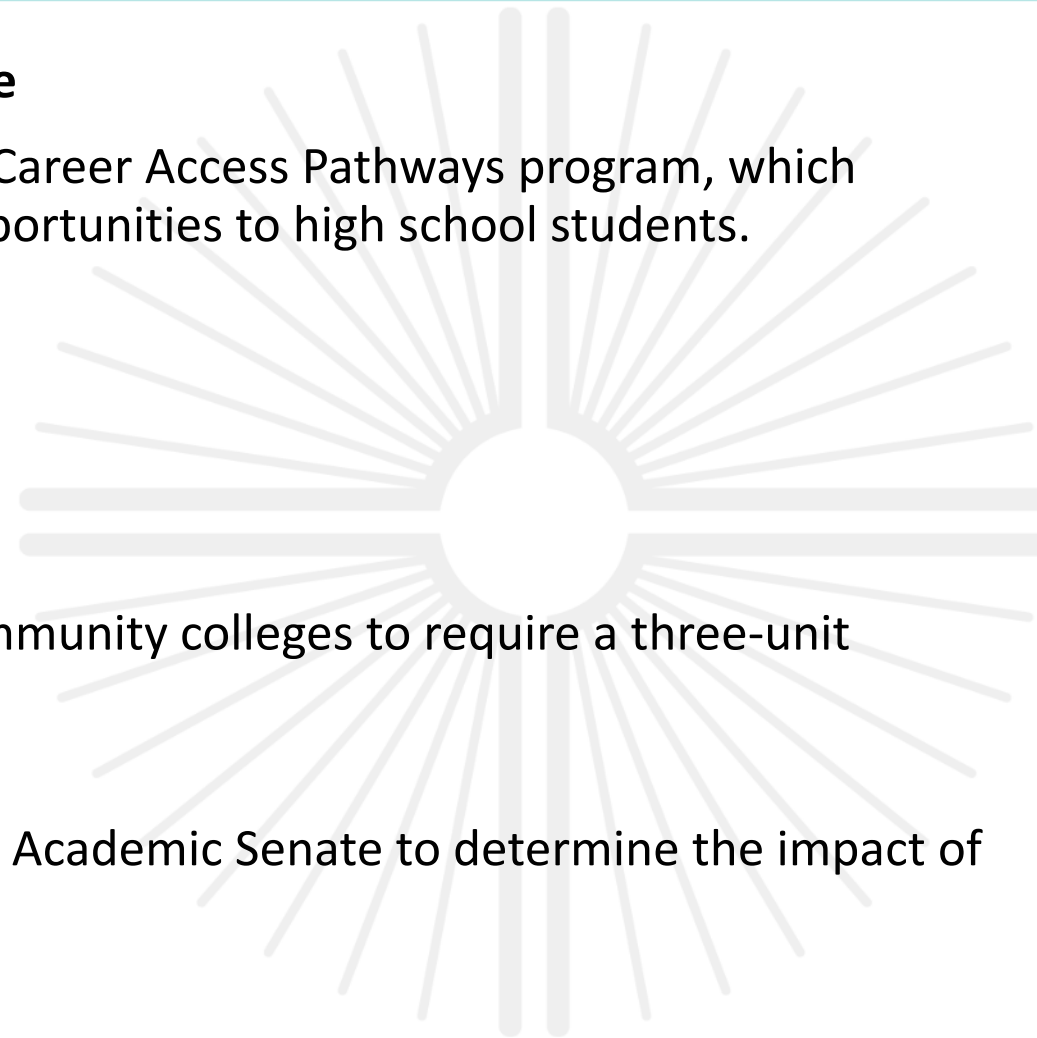

Would remove the current sunset date of 2027 of the College and Career Access Pathways program, which greatly expands our college's ability to provide dual enrollment opportunities to high school students.

Staff Recommendation: **Support**

AB 1040 (Muratsuchi) Ethnic Studies

Starting of the 2022-23 academic year, this bill would mandate community colleges to require a three-unit ethnic studies class for graduation.

Staff Recommendation: No position at this time, but work with the Academic Senate to determine the impact of this bill on student success rates.

Bills for Discussion: Collective Bargaining

AB 275 (Medina) Classified Employees

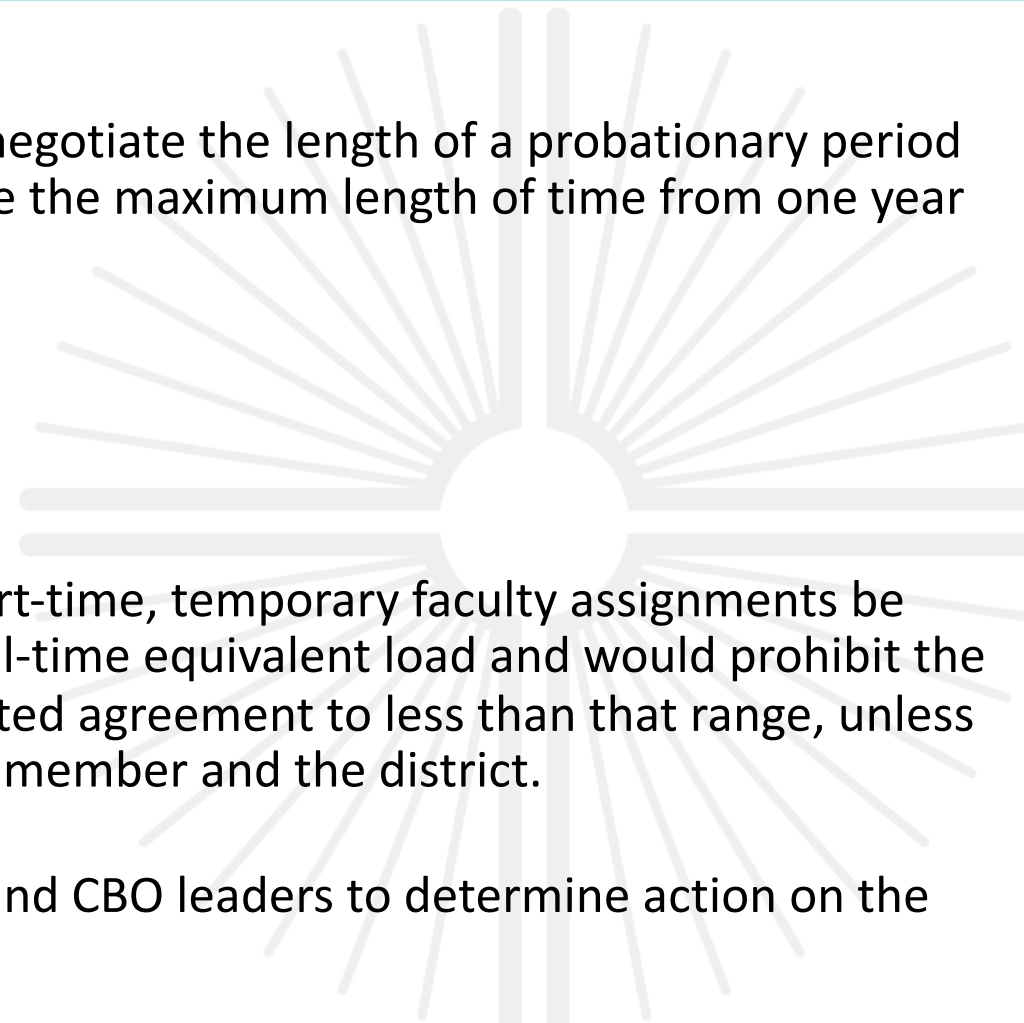

Currently, colleges and collective bargaining units are permitted to negotiate the length of a probationary period for a newly hired employee for up to one year. This bill would reduce the maximum length of time from one year to six months.

Staff Recommendation: **Oppose**

AB 375 (Medina) Part-Time Faculty Load

Would require that negotiation on reemployment preference for part-time, temporary faculty assignments be based on the minimum standards not exceeding 80% to 85% of a full-time equivalent load and would prohibit the community college district from restricting the terms of the negotiated agreement to less than that range, unless explicitly agreed upon by an individual part-time, temporary faculty member and the district.

Staff Recommendation: No position at this time, but work with HR and CBO leaders to determine action on the bill.

Bills for Discussion: Collective Bargaining

AB 438 (Reyes) Classified Employees: Layoff Notices and Hearings

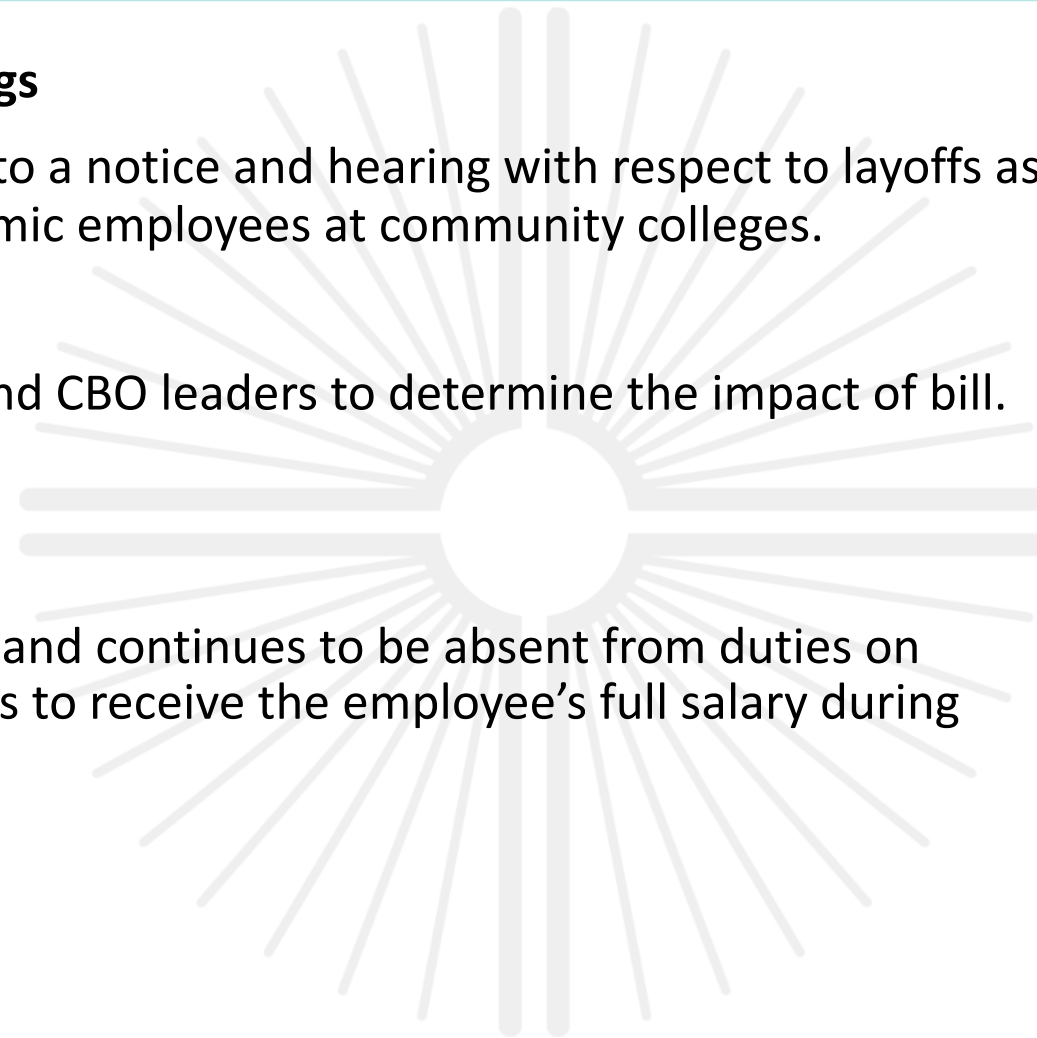

Would provide classified school employees with the same rights to a notice and hearing with respect to layoffs as is provided to certificated employees of school districts or academic employees at community colleges.

Staff Recommendation: No position at this time. Work with HR and CBO leaders to determine the impact of bill.

SB 205 (Leyva) Employee Sick Leave

Would require an employee who exhausts all available sick leave and continues to be absent from duties on account of illness or accident for an additional period of 5 months to receive the employee's full salary during those 5 months.

Staff Recommendation: **Oppose**

Bills for Discussion: Collective Bargaining

SB 270 (Durazo) Employee Information

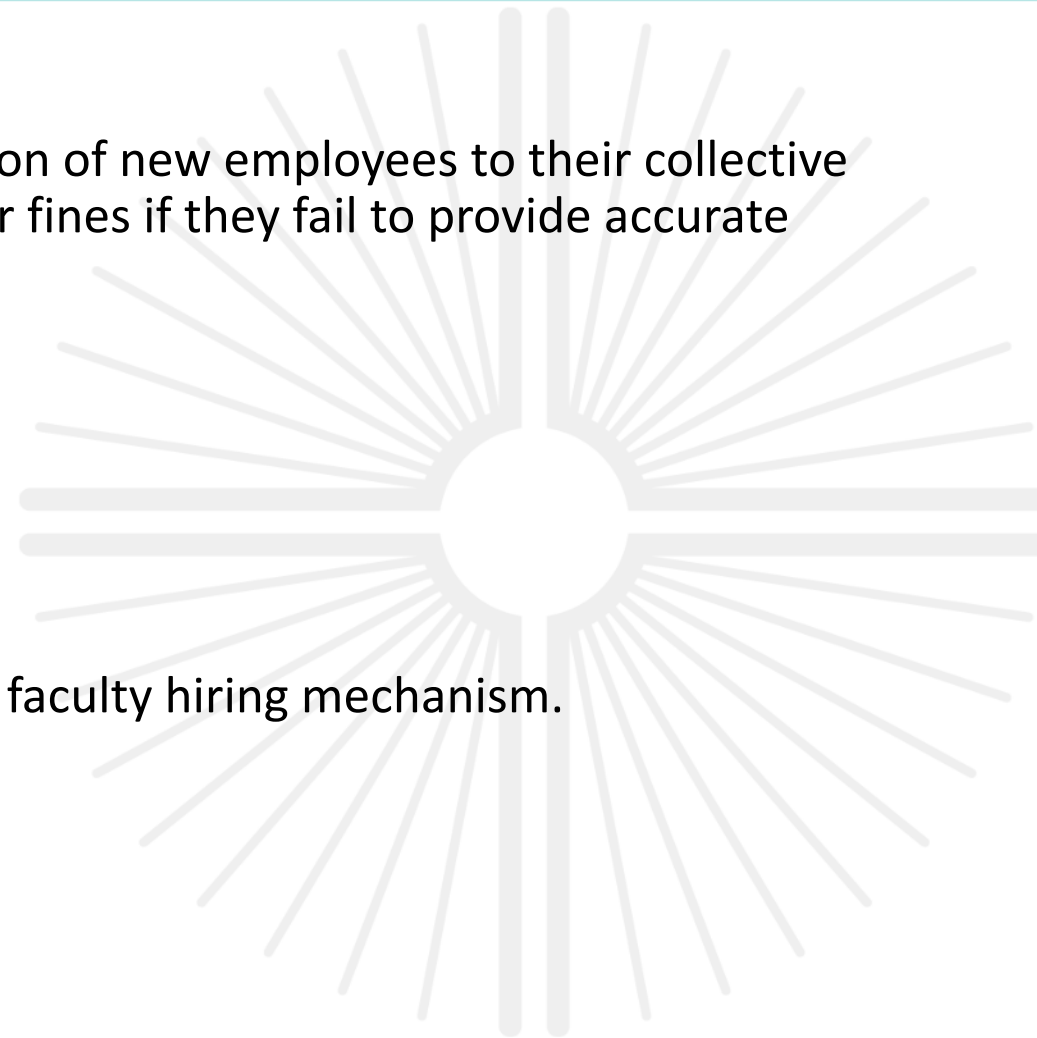

Current law requires public employers to provide contact information of new employees to their collective bargaining agents. This bill would make public employers eligible for fines if they fail to provide accurate information to that agent.

Staff Recommendation: **Oppose**

SB 647 (Laird) Board of Governors

Spot bill, however could become a vehicle for a mandated full-time faculty hiring mechanism.

Staff Recommendation: Monitor the development of the bill.

Bills for Discussion: Career Technical Education Fiscal and Funding

Career Technical Education:

AB 299 (Villapudua) Career Technical Education: Apprenticeship Grant Program

Would provide supplemental grants to students who qualify for the Federal Pell Grant or state financial aid and who participate in approved apprenticeship programs through campuses of the California Community Colleges.

SB 22 (Glazer) Statewide K-12, Community Colleges, CSU, and UC Facilities Bond.

Would authorize a statewide facilities bond to fund construction and modernization of facilities at K-12 community colleges, the CSU, and the UC to go before voters in an election in 2022. If passed, it would generate \$15 billion for facilities construction, \$3 billion of which would go to community colleges.

Staff Recommendation: **Support** both bills.

Bills for Discussion: Transfer

AB 595 (Medina) Student Eligibility Policy

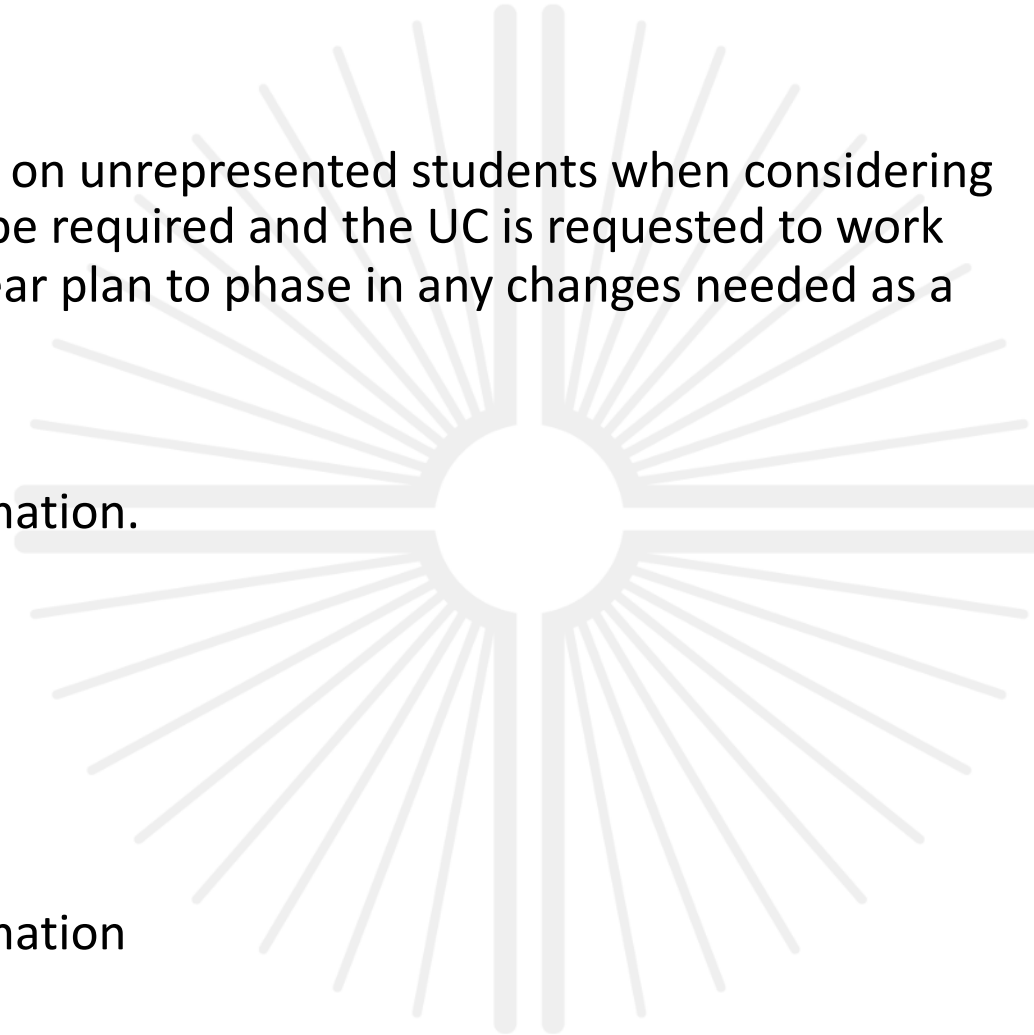

Would require the CSU and requests the UC to consider the impact on unrepresented students when considering changes to student eligibility policies.
